

Memoirs of the Faculty of Integrated Arts and Sciences  
Hiroshima University  
SCIENCE REPORTS  
Vol.18

A table on the codimension of local isometric imbeddings of Riemannian symmetric spaces .....	Yoshio AGAOKA ..... 1
A Note on Ants Visiting Bracken at the Post-fire Stand .....	Yoshifumi TOUYAMA and Nobukazu NAKAGOSHI ..... 11
Role of the sabo facilities to the sediment discharge in the small basins, especially on the sediment gradient at a sabo-dam .....	Masahiro KAIBORI ..... 19
A computer program for estimating size distributions of spherical organelles from electron micrographs .....	Toshinobu SUZAKI and Motonori ANDO ..... 35
Effects of muscle vibration on distortion of kinesthetic sensation .....	Masayuki KAWANISHI, Tatsuya KASAI and Susumu YAHAGI ..... 43
Factor analysis of Japanese version of the Maudsley Obsessional - Compulsive Inventory .....	Tatsuya HOSOMA , Nobuyuki UCHIDA and Hidetoshi SEIWA ..... 53
Effects of ultradian variation on smoking behavior .....	Yasuhisa ARAKAWA , Mitsuo HAYASHI , Masato TAKAGI and Tadao HORI ..... 63
The effect of gender salience on self-definition and evaluation of others .....	Kiriko SAKATA and Masaru KUROKAWA ..... 73
Interdependence in the parent and adolescent child relationship .....	Masaru KUROKAWA , Haruo HAYASHI and Miki KOJIMA ..... 83
<b>Summaruy of Doctorate</b>	
Analysis of the Formation of the Animal-Vegetal Axis during Xenopus Oogenesis Using Monoclonal Antibodies .....	Makoto TABATA ..... 101
Physical Properties of Nd-Fe-B and Sm-Fe-N Permanent Magnetic Materials .....	Hiroshi NAGATA ..... 103

Diffraction Study of the Structural Phase Transition on the Phospholipid Bilayer System .....	Satoru UENO .....	107
Endothelial Cell Injury Induced by Arachidonate Hydroperoxide .....	Hiroshi OCHI .....	111
A Study on the Art of Environmental Data Analysis .....	Shojiro TANAKA .....	115
Physiology of brittleness of barley .....	Akira KOKUBO .....	119
Topographic Formation of Holocene Fringing Reef-Flats in the Central Ryukyus .....	Hironobu KAN .....	123
A study of light information processing and physiological role in the extra-ocular photoreceptors of <i>Onchidium verruculatum</i> .....	Takako NISHI .....	127
Comparative aspects of structure and action of bioactive substances in the ventral nerve cord of <i>Urechis unicinctus</i> .....	Tetsuya IKEDA .....	131
Studies on the Mechanism of Cell Movement in a Ciliate, <i>Blepharisma</i> .....	Masaki ISHIDA .....	135
<b>Others</b>		
List of Publications by the Staff of the Division of Sciences, Instructions to authors Faculty of Integrated Arts and Sciences, Hiroshima University (1991) .....		139
