

Memoirs of the Faculty of Integrated Arts and Sciences
Hiroshima University
Vol. 20

Invariant subvarieties of the 3-tensor space $\mathbb{C}^2 \otimes \mathbb{C}^2 \otimes \mathbb{C}^2$	Yoshio AGAOKA	1
A note on growth estimates for positive solutions of nonlinear elliptic inequalities	Hiroyuki USAMI	19
A new class of stabilizing state feedback controllers for uncertain nonlinear dynamical systems	Hangsheng WU and Koichi MIZUKAMI	29
Caboniferous primitive fusulinacea from the Hina Limestone in Okayama Prefecture, western Japan	Mutsumi FUJIMOTO and Kimiyoshi SADA	47
Relationships between wood volume increments by stem analysis and water balance in the semi-arid interior of northeastern Brazil	Akio TSUCHIYA	71
Effect of a tree tonic on pine tree vitalities (1)	Kaneyuki NAKANE and Kouji EBISU	81
Restration of representative type forests in western Japan ... Nobukazu NAKAGOSHI, Masato ISHII, Shuji WADA and Masanori MATSUDA	95
Environmental audit about papers in an organization as a social system. —its daily changes—	Hiroshi AKAI and Kohji HAYASE	113
Photo-induced polymerization and the relaxation in liquid surfur	Yoshifumi SAKAGUCHI and Kozaburo TAMURA	131
Development of computer control system for neutron spin echo spectrometer ... Hideki KOBAYASHI, Takayoshi TAKEDA, Hideki SETO, Shigehiro KOMURA, Michihiro NAGAI, Michihiro NAGAO and Toshihiro TADAOKA	153
Training effects on physical fitness of middle-aged women in promotional class of health —Comparison between endurance, muscular strength training and flexibility, skill training— ... Kunio KIKUCHI, Sachio USUI, Hideo SASAHARA and Kazumasa YANAGAWA	175
Use of cue stimulus during temporal discrimination in rats	Kazunori KINOSHITA and Shogo SAKATA	185
Psychophysiological study of arousal modulation model of music	Tatsuya IWAKI, Mitsuo HAYASHI and Tadao HORI	197
The effects of repeated listening of music on musical impressions and emotional responses	Maki IKEDA, Makoto IWANAGA and Tatsuya IWAKI	207
A comparative study of acquisition of conditioned response between delayed and trace conditioning paradigm	Tatsuya HOSOBABA and Hidetoshi SEIWA	219

The study of obstructional factors of the female promotion to a manager
..... Kiriko SAKATA and Masaru KUROKAWA 227

Does one's dominant concept of self depend on differences in the interpersonal situation?
..... Daiji MATSUDA, Masaru KUROKAWA and Kiriko SAKATA 239

Summary of Doctrate

Phytosociological study of the Japanese mantle communities
..... Yuhide MURAKAMI 251

Hyperfine field at impurity nuclei in ferromagnetic rare earth compounds GdZn and GdCd
..... Yoshitaka KASAMATSU 255

Structures and variabilities of the Kuroshio at the east China sea shelf break
..... Toshimichi ITO 259

Theoretical study of superconducting proximity-contact systems by use
of the quasi-classical Green's function
..... Yasushi NAGATO 263

Meissner effect in proximity-contact normal-superconducting double layers
..... Seiji HIGASHITANI 267

Vegetation dynamics of pine forests in human-influenced landscapes in rural Korea and Japan
..... Sun-Kee HONG 271

Deformational structures and tectonics of the Sangun metamorphic rocks in the Inner Zone
of Southwest Japan
..... Yasuyuki HIRAYAMA 275

Others

List of publications by the staff of the division of sciences in Faculty of Integrated Arts and
Sciences, Hiroshima University (1993)
..... 279

Editorial Members

Masaaki ANDO
Toshiyasu ARAI
Masanori INUI
Hiroyuki USAMI
Masaru KUROKAWA
Kohji HAYASE
Masato FUKUOKA
Masahiro YAMASAKI
Kazuo WATANABE
