

Memoirs of the Faculty of Integrated Arts and Sciences  
Hiroshima University  
Vol .24

On Doubly Warped Product Manifolds Yoshio AGAOKA, In-Bae KIM, Byung Hak KIM and Dae Jin YEOM .....	1
Robust Decentralized Control of Large-Scale System with Delay in Interconnections and System Uncertainties Using Neural Networks Akihiro HIURA and Koichi MIZUKAMI .....	11
Effect of feeding by <i>Monochamus alternatus</i> on pine tree vitality (1) A case of Japanese black pine seedlings in the pots Kaneyuki NAKANE and Kouji EBISU .....	27
Distribution of Dandelions in Higashi-Hiroshima City Kunito NEHIRA, Yoshifumi TOUYAMA and Naoki IYAMA .....	39
Evaluation of the 'Acorn Bank' in Kagawa Prefecture from the Viewpoint of Environmental Education Akemi SHIMIZU and Nobukazu NAKAGOSHI .....	47
Changes of hypnagogic imagery and EEG stages Mitsuo HAYASHI, Kohichi KATOH and Tadao HORI .....	59
Preliminary research on the dominant factors in paranormal beliefs (1): Effects of personal factors Makoto IWANAGA and Kiriko SAKATA .....	75
Preliminary research on the dominant factors in paranormal beliefs (2): Effects of social-psychological factors Kiriko SAKATA and Makoto IWANAGA .....	87
Attitude toward Daytime Nap in the Aged Munehisa TAMAKI , Ai SHIROTA , Mitsuo HAYASHI and Tadao HORI .....	99
Comparative study of closeness-changing based on the cultural view of self in Japan and United States Ayano YOSHIDA , Masaru KUROKAWA and Kazuya HORIKE .....	109
<b>Summary of Doctrate</b>	
Studies on oviposition biology of <i>Monochamus altermatus</i> (Coleoptera: Cerambycidae) Hisashi ANBUTSU .....	123
Mechanisms of cell survival from apoptosis by adherence in phorbol ester-treated human leukemia U937 cells Koichi HAMADA .....	127
Environmental planning study of vegetation description and management for forest park Masato ISHII .....	129
Study of an Environmental Performance Evaluation and its Environmental Audit in Eight Offices — In the Case of Life Cycle Assessment for Paper — Hoan-Do JONG .....	133
Study on First Growth and Cultivation Condition of <i>Rhizophora stylosa</i> and <i>Kandelia candel</i> Hitoshi KAMEYA .....	137

---

The Gangolli estimate for the coefficients of the Harish-Chandra expansions of the Eisenstein integrals and the expressions of the Harish-Chandra <i>C</i> -functions Shin KOIZUMI .....	141
Molecular-dynamics study on the structure of expanded liquid metals at high temperatures and high pressures Shuji MUNEJIRI .....	145
Non-destructive measurement of fruit firmness by acoustic vibration Noboru MURAMATSU .....	149
Development of agonists and antagonists of invertebrate bioactive peptides Masahiro OHTANI .....	153
Phylogenetic position of Insectivora among Entheria: molecular phylogenetical approach by use of mitochondrial genes Michiko ONUMA .....	159
Distributions and ecological features of bryophytes in the deep snow-covered district, central Japan Hitoshi SHIRASAKI .....	163
On a facilitator in perception of physical symptoms studied by the approaches of behavior theory Maki TSUKAMOTO .....	167
Biosynthesis of Indole-3-Acetic Acid in Higher Plants Ken-ichi TSURUSAKI .....	171
Effects of temperature condition on soil carbon dynamics in boreal and subalpine forests Masaki UCHIDA .....	175
Study on the time and spatial variation on carbon dioxide in seawater and its exchange amount between atmosphere and ocean Eiji YAMASHITA .....	179
Development and Practice of Human Relations Training Michio YOSHIDA .....	181
<b>Others</b>	
List of publications of the staff of the division of sciences, Faculty of Integrated Arts and Sciences, Hiroshima University (1997) .....	185

#### Editorial Board
