

## 学位論文要約

### Unimer Structure and Micellization of Amphiphilic Alternating Multiblock Copolymers in Aqueous Solution

(水溶液中における両親媒性交互ブロック共重合体のユニマー構造とミセル形成)

力山 和晃

Department of Chemistry,  
Graduate School of Science,  
Hiroshima University

### Content of the thesis

Preface

Acknowledgement

Chapter1	General Introduction.....	1
Chapter2.....		4
2.1	Introduction.....	5
2.2	Experimental Methods.....	7
2.3	Results and Discussions.....	10
2.4	Conclusion.....	22
2.5	References.....	23
Chapter3.....		26
3.1	Introduction.....	27
3.2	Experimental Methods.....	29
3.3	Results and Discussions.....	32
3.4	Conclusion.....	44
3.5	References.....	45
Chapter4	General Conclusion.....	48
